

Varun

Career Objective

Detail-oriented BCA student with strong foundations in Python programming, data analysis, and machine learning concepts. Seeking opportunities to apply programming and analytical skills in real-world software and AI-driven projects.

Education

Bachelor of Computer Applications

2024 - Present

Gandhi Memorial National College,
Ambala Cantt

Kurukshetra University

Additional Skills

- Analytical Thinking
- Practical Problem-Solving Approach
- Quick Learner
- Strong Programming Fundamentals

TECHNICAL SKILLS

- **Programming Languages :** Python
- **Data Science and Machine Learning:** Exploratory Data Analysis, Data Cleaning, Feature Engineering, Classification Models, Model Evaluation Metrics
- **Libraries and Tools:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn
- **Databases:** MySQL, SQL, DBMS Concepts
- **Development Tools:** VS Code, Git, GitHub, Linux Basics, Windows 11

PROJECTS

- **Loan Risk Modeling using Machine Learning**
Built classification models using Python, Pandas, Numpy, Seaborn, Scikit-learn, Logistic Regression, Decision Tree, KNN, SVM to predict loan default risk.
[Click to View](#)
- **Water Quality Analysis using Machine Learning**
Machine learning analysis of water quality to determine if water is safe for drinking.
[Click to View](#)
- **Exploratory Data Analysis on Housing Dataset**
Exploratory Data Analysis on housing dataset to understand factors affecting house prices. Analyzed dataset to identify trends and relationships using data visualization and preprocessing techniques.

CERTIFICATIONS

- **Artificial Intelligence with Machine Learning**
Course Completion Certificate
[Click to View](#)
- **Credit Risk Modelling (Loan Classification)**
Project Completion Certificate
